

The Pitscurry Project

Here at the Pitscurry Project we are passionate about our environment and love the area we work in. We have environmentally friendly facilities and use 'green' products in our day-to-day running.

We are keen to recycle and upcycle and are proud to offer crafts and kindling among other items produced here.

In 2017 we received a generous grant from the Tesco Bags of Help *, voted for by the public, to create a Red Squirrel Trail for our little friends who live alongside us. After your visit to the café, why not pop down and have a look at our hide and information centre and see if you can spot any of our furry residents as they nip out for their lunch.

A bit about the café . . .

Here at the Buzzard café we use produce grown on site wherever seasonally possible.

The food we serve is all freshly prepared right here.

And . . . as we are a Training Café we appreciate your patience.

We hope you enjoy your meal. Thanks for visiting.
